

KEY FEATURES

- Heavily weighted to 54kg as standard to deter misuse (other weight options available)
- Ergonomically designed to give excellent comfort
- Hygienic wipe-clean material
- Water-resistant, UV-stabilised material which is 100% recyclable
- Suitable for outdoor use
- Polyethylene material is 100% recyclable
- Static weight tested to 500kg

MATERIAL/FABRICATION

Rotationally moulded, durable polyethylene, one-piece construction provides excellent strength and stability. Flamed, textured finish further strengthens the fire-retardant, water-resistant, UV-stabilised shell. Small holes drilled in the seat make it suitable for outdoor use. Anti-microbial material gives high chemical resistance (e.g. ammonia, sodium hydroxide) throughout the product. Item is fully recyclable as polyethylene can be melted down to create a whole new product

TEST STANDARDS

- Tested to ANSI/BIFMA X5.5:2012 standards
- Fire retardant to CAL 133 and UL 94 HB
- Strength and stability tested for severe contract use (BS EN 16139:2013 Level 2). Exceeded the 200,000 cycles pass mark by a further 300,000 cycles
- UV resistance tested to UV 21+ stating it can withstand 21,000 sunlight hours
- Static load tested to a weight of 500kg

DELIVERY

[core colours] leadtime 5 weeks (8 weeks for upholstered items) | [non-core colours] will have longer leadtimes and additional costs

ASSEMBLY

Arrives assembled and ready to use

OPTIONS

- Upholstered seat and back pads (unsuitable for outdoors)
- Floor fixing solutions
- Linking brackets to connect chairs
- Unweighted model (10kg)
- Optionally made with 40% reused content

COLOUR/FINISH

INSTALLATION/FITTING

Additional weighting can be carried out prior to delivery. All products must be fitted carefully following Pineapple's product instructions (where available). If not, any guarantee is at risk of becoming null and void

MAINTENANCE

Avoid using abrasive materials or cleaning agents, solvents, steam cleaning or jet washing. Use bleach and chlorine disinfectant with caution and avoid placing in close proximity to sources of heat. Read more here <https://uk.pineapplecontracts.com/upholstery/care-guidance/>

WARRANTY

Lifetime guarantee against all manufacturing faults

DISCLAIMER

Extreme temperature changes (e.g. a cold night followed by a warm sunny day) may cause air inside the product to expand, causing short-term changes to its shape .

Due to the nature of the rotational moulding process, flat surfaces on Ryno® products may feature slight undulations which do not detract from the product's strength or durability.
