

KEY FEATURES

- Strong and durable moulded birch plywood construction
- Durable 5mm steel base with black powdercoated finish
- Lipped edges to prevent items rolling off
- Countersunk screw holes helps prevent damage to the floor surface

MATERIAL/FABRICATION

Whether you're working from home or making use a touchdown space, our Neena side table brings your laptop, notebook and drink within easy reach.

Made from moulded birch plywood, the cantilever design allows Neena to slide neatly under your chair to create a comfortable and flexible workspace. Stability is provided by the solid steel base in a durable black powdercoated finish. 5mm mild steel powdercoated black ensures a sturdy table with no tipping points, countersunk screw holes to prevent the screw heads scratching the floor surface.

FINISH

Matte lacquered Birch plywood, with white pigment. Black powdercoated 5mm mild steel base.
