

# GROOVE SIDE CHAIR

1.03.01-040101-00

800H | 500W | 530D (mm)

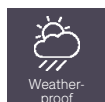

Seat height: 460mm

Weight: 5kg

## KEY FEATURES

- Versatile stacking chair (8 high)
- Totally water-resistant and UV stabilised materials - perfect for outdoor use
- Made from 50% recycled content (polypropylene)

## MATERIAL/FABRICATION

Groove is a modern, lightweight stackable seating range ideal for low-risk environments. Groove constitutes a separate frame, seat, backrest and armrest components,, which can be customised with a variety of upholstery options. You can create further personalisation by choosing from a wide range of upholstery options, where the seat pad colour can also differ from the backpad.

The Groove range is manufactured in the UK and constructed using Glass Fibre plywood and Polypropylene materials, now made using 50% recycled Polypropylene content.

## TEST STANDARDS
