

DOORNE

Versatile, modular
social seating

Pineapple

Designed by
Magnus Nero

Doorne is an adaptable seating system designed to help you make the most of your space.

Whether you're creating a cosy corner or furnishing a larger area, Doorne's versatile shapes can be used to create social seating in a wide variety of easy-to-move configurations.

Doorne's soft and supportive cushions sit atop a solid birch plinth base which prevents dust gathering underneath and makes thorough cleaning simpler.

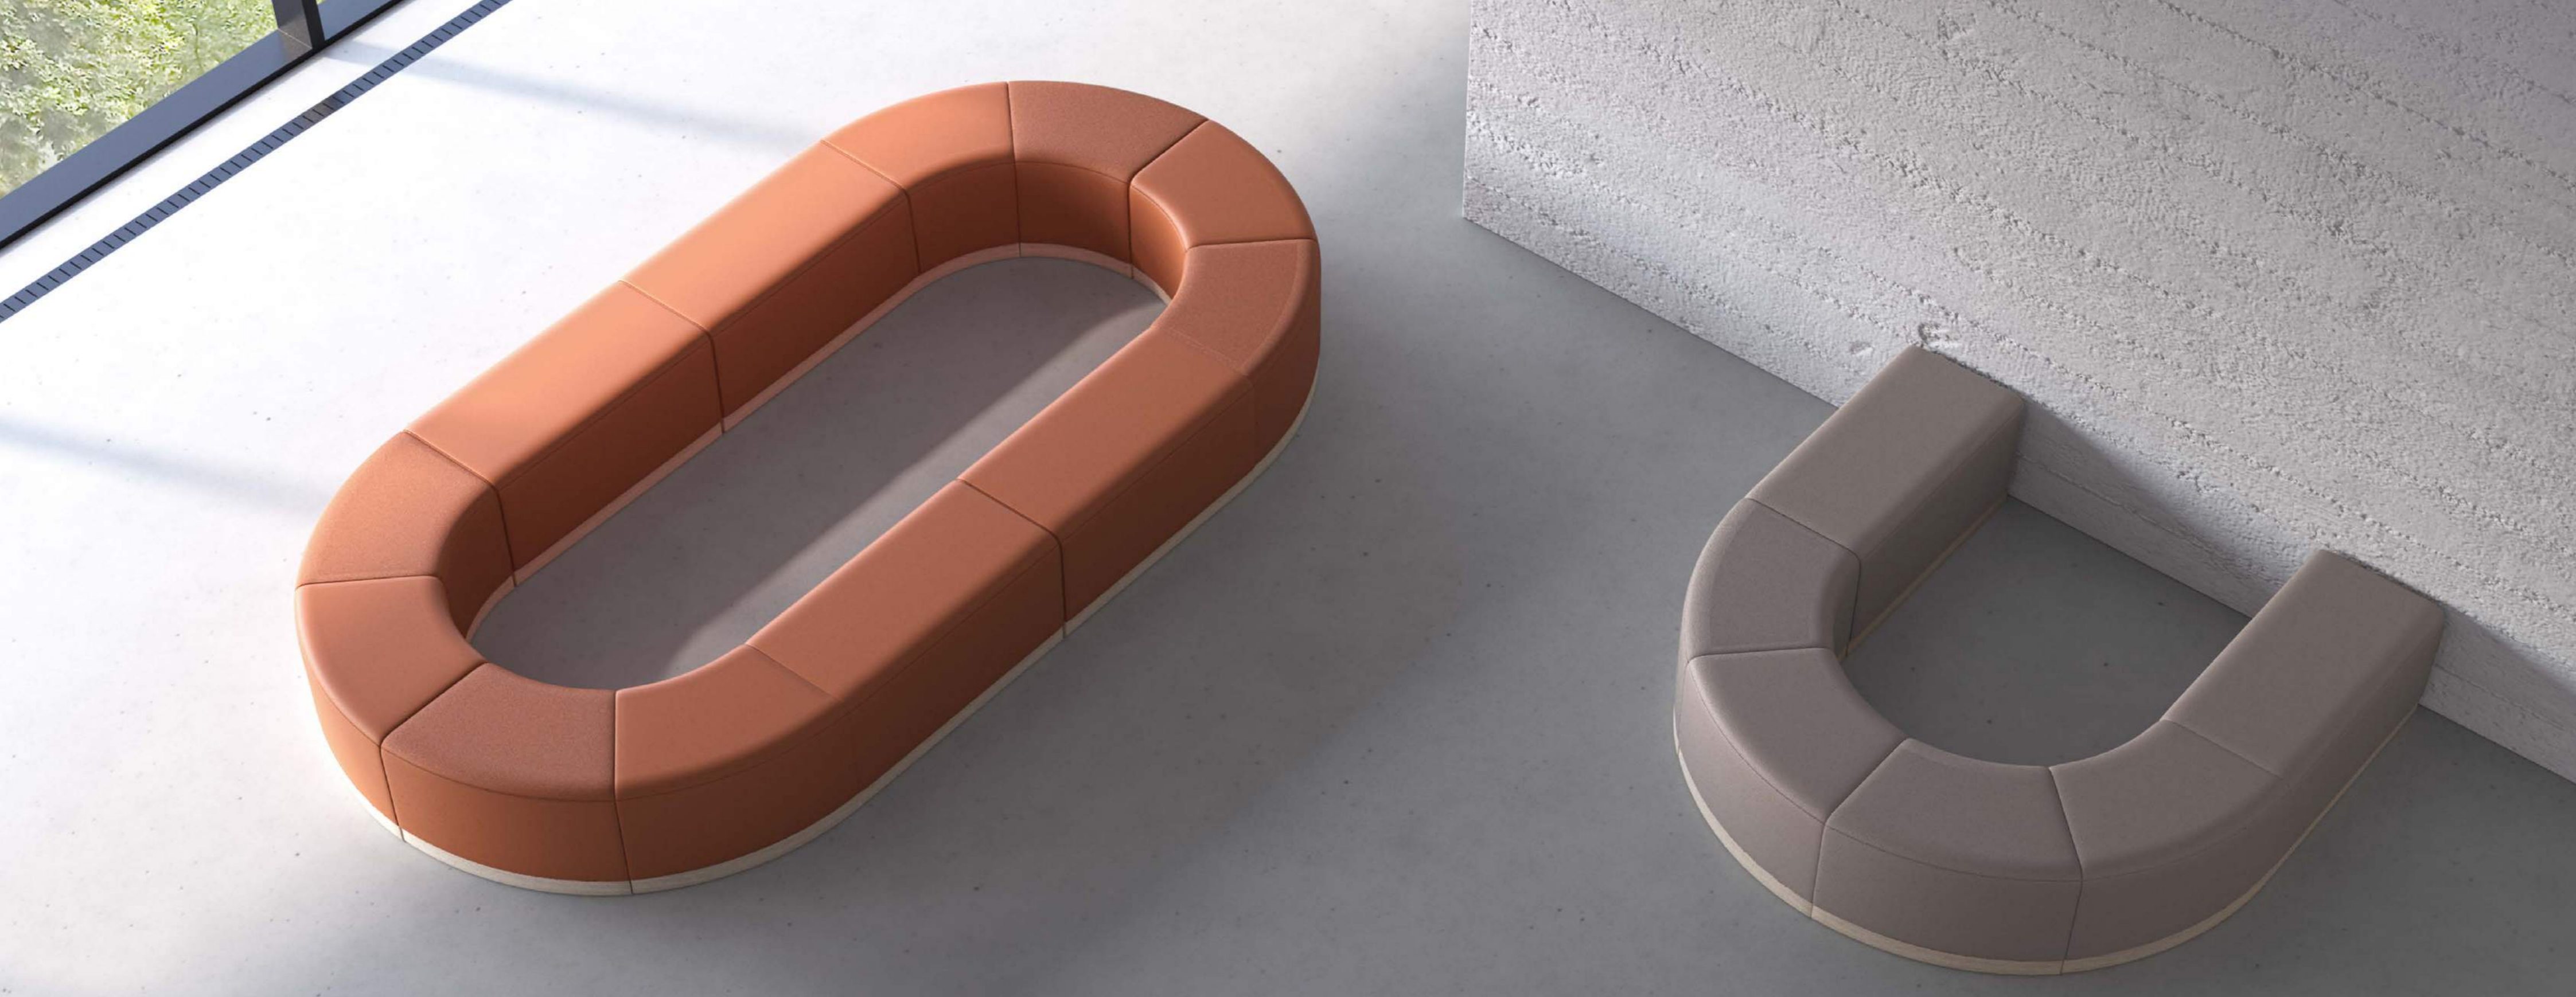

In challenging environments where safety is a priority we have created Doorne Plus, with added weight to make them difficult to pick up or throw.
