

RYNO[®] CUBE BED

1RYCB

380H | 2035L | 815W (mm)

Recommended mattress: Scorpio mattress (760 x 1950mm)

Weight: 50kg

KEY FEATURES

- One-piece design is totally water-resistant, damage-resistant, and anti-concealment
- Fluid run-off channels in mattress platform to reduce condensation and aid cleaning
- Reduced-ligature design features
- Can be securely fixed to the floor with supplied kit
- 500kg static load test
- Polyethylene material is 100% recyclable
- The Ryno cube bed has no foam filling and includes floor fixing kit as standard.

MATERIAL/FABRICATION

The Ryno cube bed has been designed to be a narrower width for smaller rooms. Flat sides and 90° degree corners aid placement of the bed in the corner of a room. The design of the bed allows the Ryno bedside table to be placed flush against the side of the bed.

Rotationally moulded, durable polyethylene, one-piece construction provides excellent strength and stability. Flamed, textured finish further strengthens the fire-retardant, water-resistant, UV-stabilised shell. Anti-microbial material gives high chemical resistance (e.g. ammonia, sodium hydroxide) throughout the product. Item is fully recyclable as polyethylene can be melted down to create a whole new product.

TEST STANDARDS

- EN 1725:1998 (corresponding to a 36 stone user)
- Ryno material UL94 Fire test
- 500kg Static Load testing to the centre of the base

OPTIONS

- Includes floor fixing kit
- A flared Ryno bed with and without storage is available

RYNO® CUBE BED

ASSEMBLY

Arrives assembled and ready to use.

DELIVERY

[core colours] leadtime 5 weeks | [non-core colours] will have longer leadtimes and additional costs

INSTALLATION/FITTING

Floor fixing is advisable for challenging environments
- please specify at order stage if a floor-fixing kit is required.

Products may wall fixed (by the customer, using wall anchors and fixings of their choice) for additional strength

MAINTENANCE

Avoid using abrasive materials or cleaning agents, solvents, steam cleaning or jet washing. Use bleach and chlorine disinfectant with caution and avoid placing in close proximity to sources of heat. Read more on our website.

WARRANTY

Lifetime guarantee against all manufacturing faults

DISCLAIMER

Extreme temperature changes (e.g. a cold night followed by a warm sunny day) may cause air inside the product to expand, causing short-term changes to its shape

Due to the nature of the rotational moulding process, flat surfaces on Ryno® products may feature slight undulations which do not detract from the product's strength or durability.
