Care Instructions

- Wipe clean routinely with a microfibre cloth lightly dampened with cold water only and then dry with a clean absorbent cloth.
- Soak up spillages as soon as possible with an absorbent dry cloth to prevent staining.
- If soiling has accumulated use a mild proprietary cleaner (non-alkaline). Take care to remove all soap residues and dry with a clean absorbent cloth.
- Remove body fluids and extreme soiling immediately (within 15 minutes) with cold water then apply approved infection control protocol. Haz-Tabs, Chlor Clean, Acti-Chlor, Clinnell Universal Wipes and Panaz Shield Plus. As the concentration of bleach can vary greatly among proprietary brands we recommend these be avoided but in extreme circumstances, a 10% chlorine bleach solution may be used. Remove product residues and then dry with clean absorbent cloth.
- Do not tumble dry.
- Do not dry clean.
- Do not fully immerse in water.
- Do not apply solvents, alcohol or any other chemical cleaners.
- Do not steam clean - heat seals in stains.

Note dyes and pigments from indigo jeans, ball point and felt tip pens may permanently stain.

- 1 Antimicrobial ShieldPlus™ Protection permanently inhibits the broadest spectrum of microbes (even C diff spore) and prevents nasty odours.
- 2 Acryltron™ affording exceptional, improved resistance to cleaning chemicals.
- 3 Polyurethane coating - For durability and stain resistance.
- 4 PVC Core - For core strength and durability.
- 5 Substrate - High performance substrate providing a solid foundation.
