

## KEY FEATURES

- Compact design and water-resistance makes this shelf suitable for bathrooms, shower cubicles and bedrooms
- Sloped top designed to minimise ligature risks
- Secured to walls with anti-tamper fixings
- Safely rounded corners
- Can be wiped clean and dry quickly, ready to be used again
- Organic textures help to create an environment that fosters recovery
- Polyethylene material is 100% recyclable

## MATERIAL/FABRICATION

Rotationally moulded, durable polyethylene, one-piece construction provides excellent strength and stability. Flamed, textured finish further strengthens the fire-retardant, water-resistant, UV-stabilised shell. Anti-microbial material gives high chemical resistance (e.g. ammonia, sodium hydroxide) throughout the product. Item is fully recyclable as polyethylene can be melted down to create a whole new product.

## DISCLAIMER

Extreme temperature changes (e.g. a cold night followed by a warm sunny day) may cause air inside the product to expand, causing short-term changes to its shape

Due to the nature of the rotational moulding process, flat surfaces on Ryno® products may feature slight undulations which do not detract from the product's strength or durability.
