

# RYNO®

Reduced-ligature  
versatile storage

Pineapple

DESIGNED FOR PEACE OF MIND

Designed by  
Ross McLean

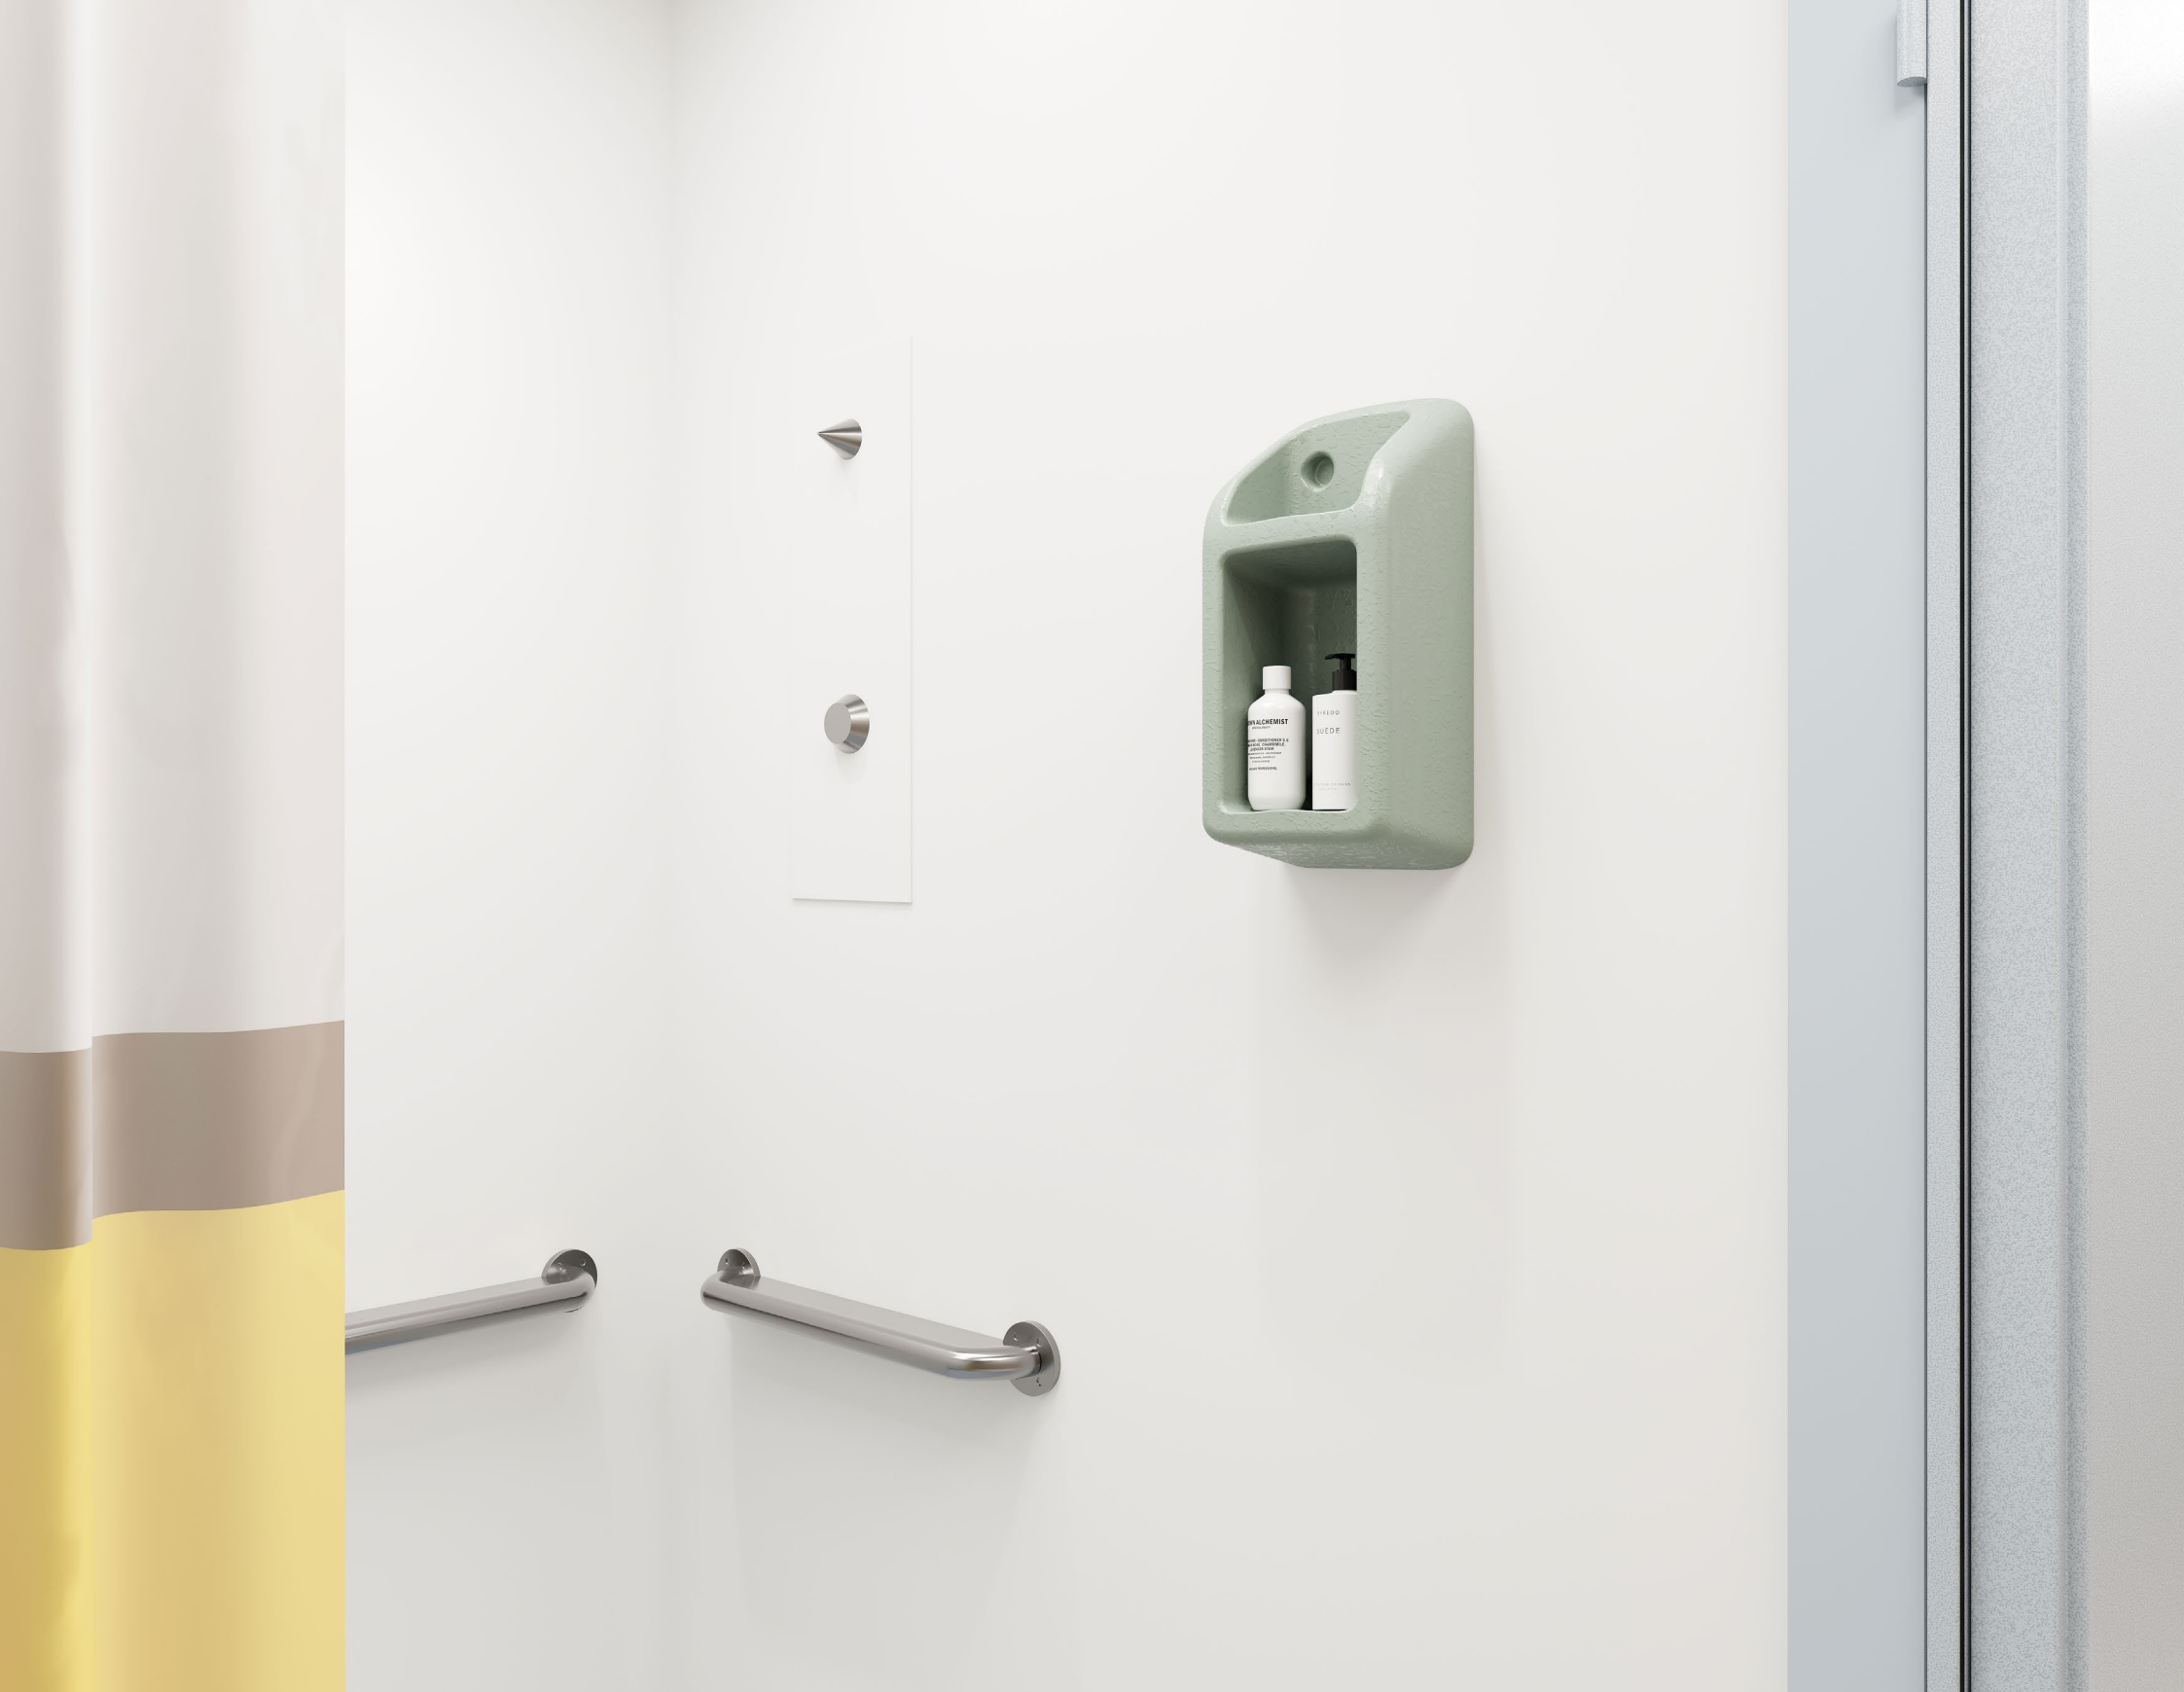

Made from recyclable polyethylene, products in our award-winning Ryno® range are inherently waterproof and are designed to minimise ligature risks in mental health environments.

Our latest Ryno® wall-mounted mini wall shelf provides versatile storage options which is perfect for washrooms where water-resistance is essential, and for bedrooms where floor space may be limited.

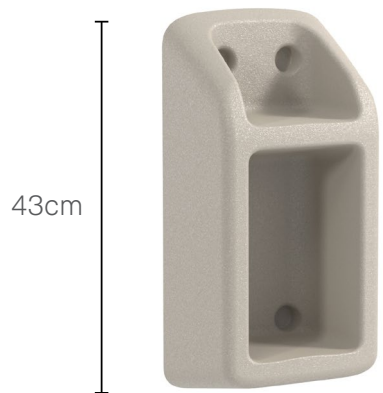

The shelf has been designed with smoothly rounded edges and a sloping top help to minimise ligature risks and maximise safety.

Like all products in the Ryno® range, the mini wall shelf is available in a versatile palette of 13 colours, allowing extensive personalisation and patient choice.
