

SOLO MH PROFILING BED - SIDE PANEL

1SOA-100

Bed size 190-810 H | 1060 W | 2270 D (mm)
Weight: 149kg

KEY FEATURES

- Anti-intrusion panels prevent access to cords & mechanisms, helping to reduce ligature risks & deter tampering
- Adjustable height, from an ultra-low position of 190mm to maximum of 810mm
- Extensive positional adjustments
- Cordless operation via wireless handset
- Easy to maneuver (front wheels steerable, rear wheels braked). Wheels safely retracted when not in use

MATERIAL/FABRICATION

Components designed and constructed using strong and durable polycarbonate. Blow-moulded plastic provides tough reinforcement, damage-resistance and is overall easy to clean, to aid in safe infection control practices.

OPTIONS

- Two sets of 2.9in Swivelling Castors at Head & Foot End
- Single Straight line 3.9in Castors at Head End, with Floor Affixed Foot End
- Flex Profiling Mattress available
- Side rails: Fixed, Solid Side Panels or 3-Panel (as below)

1SOA-200
190-810H | 980W | 20D (mm)
Weight: 139kg
