

FAMN LOUNGE

Posture support
engineered to last

Pineapple

FAMN LOUNGE

Seat static
weight tested to

Made from moulded cold-cured foam, Famn provides precisely shaped long-lasting posture support

Famn's birch frame is made from a single piece of bent plywood forming both the arm and leg. The natural birch finish features a clear lacquer with 10% white pigment, taking inspiration from Scandinavian styling and ensuring it complements our Famn coffee table range [left](#)

Famn cushions are made from CMHR moulded cold-cured foam which provides superior support and longevity when compared to sprung or cut-foam cushions [below](#)

FAMN LOUNGE

Seat static weight tested to  227KG

Famn lounge low back side chair
