

# KORGEN

Safe and secure,  
indoors and out

Pineapple

Designed by  
Magnus Nero

The benefits of time spent in the great outdoors are well established - breathing fresh air with higher levels of oxygen than indoor spaces helps to improve the efficiency and functions of every cell in the body.

The COVID-19 pandemic has shown the important role air movement can also play reducing the transmission of bacterial and viral infections.

Our Korgen range helps you make the most of your outdoor space thanks to its water-resistant, UV-stabilised seats and durable powdercoated steel tube frame.

Korgen's flexible modular design allows a variety of table and armrest positions to help you create the perfect seating arrangement for your needs.

DESIGN AND MATERIALS	SECURITY
 <ul style="list-style-type: none"><li>→ Single-piece seat shell design has no seams or crevices in which dirt can be trapped</li><li>→ Totally water-resistant and UV stabilised materials, perfect for outdoor use</li><li>→ Moisture quickly evaporates after cleaning, ready for use</li><li>→ Seats are made from 100% recyclable LDPE</li></ul>	 <ul style="list-style-type: none"><li>→ Korgen can be optionally fixed to the floor for added security:</li><li>→ Powdercoated saddle bracket (supplied with self-floor fixing kit)</li><li>→ Anti-tamper bolt*</li><li>→ Concrete anchor securely set in ultra-hard resin*</li></ul> <p>*Suitable hardware is dependent on the substrate, and is not included in the self-floor fixing kit</p>
	STRENGTH AND SAFETY
	 <ul style="list-style-type: none"><li>→ Seat tested to withstand 317kg (50st)</li><li>→ Seat durability tested at 100kg for 500,000 cycles</li><li>→ Extremely strong and durable 45mm powdercoated steel tube frame</li></ul>

		
	KEY FEATURES	OPTIONS
