SNUG

Modular design allows pieces to be used individually or in multiples to create an arrangement to best suit any space

Soft, deep foam used for excellent comfort.

No-arm design aides de-escalation and low overall height provides clearer sightlines for staff. Interior made from fire retardant, CMHR (combustion modified high resilience) foam is safe for both users and staff.

Upholstery options

Available with a wide choice of upholstery including water-resistant vinyl and fabrics

Black plastic feet, help to protect flooring and facilitate ease of movement
