Lime Green	Zest Apple 222	
Vegas Yellow	Aston Citrus 238	

We try to represent our fabrics and vinyls online as accurately as possible. However, colours can appear differently depending on your screen type, display settings and lighting conditions, so digital swatches may not be an exact representation of the material in real life.

For the most accurate colour match, we always recommend ordering a physical swatch sample. Our helpful sales team is also available to offer guidance and help you make the most informed choice.
