

RYNO® DINING CHAIR 2.0

1RYG-55

908H | 548W | 646D (mm)

Seat height: 440mm

Weighted: 55kg

IP Registration Number: 6413365

KEY FEATURES

- Heavily weighted to 55kg as standard to deter misuse (other weight options available)
- Hygienic wipe-clean material
- Wider footprint for further stability and wall-saver design for closer wall placement
- Water-resistant, UV-stabilised material which is 100% recyclable
- Suitable for outdoor use
- Organic form and sensory ripple detail designed to soften the built environment
- Strength and stability tested for severe contract use

MATERIAL/FABRICATION

Building on the success of the original Ryno dining chair, first launched in 2013, this latest design combines proven durability with enhanced comfort and safety. With a more generous seat width, the 2.0 offers an improved sitting experience, supporting the wellbeing of service users over extended periods.

Made from a single piece of rotationally moulded polyethylene with no joins, making this product waterproof. The 100% LDPE material is naturally resistant to bacteria and bedbugs by providing no organic matter as a source of food.

As well as being 100% recyclable, Ryno products manufactured using our latest technology are more eco-friendly than ever. The electricity used to manufacture these products is generated from renewable sources. The latest technology allows us to finely control wall thicknesses in different areas of the chair, making it stronger where it needs to be while using less material in other areas. In addition, energy wastage has been minimised, helping to reduce carbon emissions.

TEST STANDARDS

- Tested to ANSI/BIFMA X5.4:2020
- Fire retardant to CAL 133 & UL 94 HB, Crib 5, DIN66084
- Strength and stability tested for severe contract use (BS EN 16139:2013 Level 2). Exceeded the 200,000 cycles pass mark by a further 300,000 cycles
- Static load tested to a weight of 500kg
- Antibacterial Activity MOD iso 11196:2011
- UV resistance tested to UV 21+ stating it can withstand 21,000 sunlight hours
- Ryno ISO 11925 (2020)

ASSEMBLY

Arrives assembled and ready to use

INSTALLATION/FITTING

Additional weighting can be carried out prior to delivery. All products must be installed carefully in accordance with Pineapple's product instructions (where provided). Failure to do so may void the product warranty

Please note: The floor fixing kit is only available with the unweighted chair option

MAINTENANCE

Do not use abrasive materials, harsh cleaning agents, solvents, steam cleaners, or pressure washers. Bleach and chlorine-based disinfectants should be used with caution. Keep the product away from direct heat sources. For full care guidance, visit: <https://uk.pineapplecontracts.com/upholstery/care-guidance/>

WARRANTY

Lifetime guarantee against all manufacturing faults

DISCLAIMER

Extreme temperature changes (e.g. a cold night followed by a warm sunny day) may cause air inside the product to expand, causing short-term changes to its shape

Due to the nature of the rotational moulding process, flat surfaces on Ryno® products may feature slight undulations which do not detract from the product's strength or durability
